5/1/2003 · Federalism is the theory or advocacy of federal principles for dividing powers between member units and common institutions. Unlike in a unitary state, sovereignty in federal political orders is non-centralized,

often constitutionally, between at least two levels so that units at each level have final authority and can be self governing in some issue area.

ADR methods are now more common than the courtroom for resolving civil disputes; more than 99% of civil cases are settled before trial, if cases are even filed at the courthouse. Many commercial agreements now contain

mandatory mediation/arbitration provisions, and statutory and case law both favor ADR.

The Department of English offers over 200 courses for undergraduate- and graduate-level students. These courses focus on a diverse array of topics from across the fields of American and British literature; world literature; critical and narrative theory; film, video game analysis

and other areas of popular culture studies; rhetoric, composition and literacy; digital media studies; ...
