Reflexology, also known as zone  
therapy, is an alternative medical

practice involving the application of pressure to specific points on the feet and hands. This is done using thumb, finger, and hand massage techniques without the use of oil or lotion. It is based on a pseudoscientific system of zones and reflex areas that purportedly reflect an image of the body on the feet and hands, with the ...

Reflexology. Reflexology is based on the idea that different points on your feet, hands, face and ears are linked to other parts of your body through your nervous system. During a typical session, a reflexologist will use their hands to apply gentle pressure to these points.

Our highly-experienced teachers are still deeply embedded in the industry and will give you the one-on-one guidance necessary to improve your technique. Successful completion of this course will qualify you to work

as a remedial massage therapist as well as giving you the skills to pursue other specialised therapies, such as reflexology.

26/8/2021 · This can have a compounding effect on your health making things worse. | The stress of being ill, such as catching cold or having the flu can release hormones that are there to help fight the illness,

but these hormones can in turn have an effect on your blood sugar levels as well. As with when you get ill, putting undue stress on your immune system will inevitably cause a spike in your blood sugar.

3/2/2017 · Tomorrow is **WORLD CANCER DAY**. To mark this important occasion, I intend to publish not just one but two posts. Today's post discloses one of the more sickening alternative cancer scams I have seen for a long time (tomorrow's post will be a lot more

encouraging): baking soda as a cancer cure. Here is what some charlatans tell the most vulnerable of our patients.

In fact, being chosen for a position is only the first of the five levels every effective leader achieves. To become more than "the boss" people follow only because they are required to, you have to master the ability to invest in people and inspire them. To grow further in your role, you must achieve results and build a team that produces.
