A Big Daddy is a fictional character

in the BioShock series of video games. Big Daddies are heavily spliced (genetically engineered and

altered with ADAM) human beings
who have had their bodies directly
grafted into heavily armored,

steampunk-inspired atmospheric
diving suits. They are armed with a
rivet gun, heavy drill, rocket

launcher, or ion laser.

You don't need a 6-gallon oil vat to

enjoy deep-fried foods at home--this
petite deep fryer makes four big
servings with just 4 cups of oil. A

compact 7 inches in diameter, the fryer features easy controls for precision frying: it automatically

maintains the proper frying temperature, letting you focus on cooking instead of fussing with the

controls.

Summary "Daddy," comprised of

sixteen five-line stanzas, is a brutal and venomous poem commonly understood to be about Plath's

deceased father, Otto Plath. The speaker begins by saying that he "does not do anymore," and that she

feels like she has been a foot living
in a black shoe for thirty years, too

timid to either breathe or sneeze.

delightful short novel written in
1912. Basically it's along the lines of
